

## Changes in areas of statistical regions

Data on statistical regions in Slovenia are generally changed every three years according to the procedure stipulated in the NUTS Regulation.

### Statistical regions and description of their territorial changes and the date when SURS started to implement these changes in data dissemination

Code	Statistical region	Date	Change description
01	Pomurska		No change.
02	Podravska		No change.
03	Koroška		No change.
04	Savinjska	15.01.2005	Changes in the borders of settlements Marija Reka and Knezdol and of municipalities Prebold and Trbovlje caused the change in the borders between NUTS 3 regions (statistical regions), Savinjska and Zasavska. Savinjska NUTS 3 region (statistical region) is now 0.2 square kilometres smaller and Zasavska NUTS 3 region (statistical region) is larger by that much.
		01.01.2015	Regulation (EU) No 1319/2013 of 9 December amending annexes to Regulation (EC) No 1059/2003 of the European Parliament and of the Council of 26 May 2003 on the establishment of a common classification of territorial units for statistics (NUTS) was published in the Official Journal of the European Union on 18 December 2013. Based on the amended NUTS regulation, municipalities Radeče and Bistrica ob Sotli made a transition from Savinjska NUTS 3 region (statistical region) to Spodnjeposavska NUTS 3 region (statistical region), which is now 83 square kilometres larger and changed its name to Posavska NUTS 3 region (statistical region). As a result, Savinjska NUTS 3 region (statistical region) is now 83 square kilometres smaller.
05	Zasavska	15.01.2005	Changes in the borders of settlements Marija Reka and Knezdol and of municipalities Prebold and Trbovlje caused the change in the borders between NUTS 3 regions (statistical regions), Savinjska and Zasavska. Savinjska NUTS 3 region (statistical region) is now 0.2 square kilometres smaller and Zasavska NUTS 3 region (statistical region) is larger by that much.
		01.01.2015	Regulation (EU) No 1319/2013 of 9 December amending annexes to Regulation (EC) No 1059/2003 of the European Parliament and of the Council of 26 May 2003 on the establishment of a common classification of territorial units for statistics (NUTS) was published in the Official Journal of the European Union on 18 December 2013. Based on the amended NUTS regulation, municipality Litija made a transition from Osrednjeslovenska NUTS 3 region (statistical region) to Zasavska NUTS 3 region (statistical region), which is now 221 square kilometres larger. As a result, Osrednjeslovenska NUTS 3 region (statistical region) is now 221 square kilometres smaller.

Code	Statistical region	Date	Change description
06	Posavska	01.01.2015	Regulation (EU) No 1319/2013 of 9 December amending annexes to Regulation (EC) No 1059/2003 of the European Parliament and of the Council of 26 May 2003 on the establishment of a common classification of territorial units for statistics (NUTS) was published in the Official Journal of the European Union on 18 December 2013. Based on the amended NUTS regulation, municipalities Radeče and Bistrica ob Sotli made a transition from Savinjska NUTS 3 region (statistical region) to Spodnjeposavska NUTS 3 region (statistical region), which is now 83 square kilometres larger and changed its name to Posavska NUTS 3 region (statistical region). As a result, Savinjska NUTS 3 region (statistical region) is now 83 square kilometres smaller.
07	Jugovzhodna Slovenija	01.01.1999	Changes in the borders of settlements Kostanjevica and Ravne nad Šentrupertom and of municipalities Trebnje and Litija caused the change in the borders between NUTS 3 regions (statistical regions), Osrednjeslovenska and the then Dolenjska. Osrednjeslovenska NUTS 3 region (statistical region) is now 6 square kilometres smaller and Dolenjska NUTS 3 region (statistical region) is larger by that much.
		30.03.2000	On 30 March 2000 in line with the Decree on the Standard Classification of Territorial Units (Official Journal No 28/2000) the area of two NUTS 3 regions (statistical regions) changed: from the Osrednjeslovenska NUTS 3 region (statistical region) the southern part was eliminated (municipalities Kočevje, Kostel, Loški Potok, Osilnica, Ribnica, Sodražica) and connected to the then Dolenjska NUTS 3 region (statistical region), which was thus enlarged (by 993 square kilometres) and renamed NUTS 3 region (statistical region) Jugovzhodna Slovenija. Consequently, the Osrednjeslovenska NUTS 3 region (statistical region) became smaller (by 993 square kilometres).
		21.12.2000	Changes in the borders of settlements Rapljevo and Vrbovec and of municipalities Kočevje and Dobropolje caused the change in the borders between NUTS 3 regions (statistical regions) Osrednjeslovenska and Jugovzhodna Slovenija. NUTS 3 region (statistical region) Jugovzhodna Slovenija is now 8 square kilometres smaller and Osrednjeslovenska NUTS 3 region (statistical region) is larger by that much.
		01.04.2013	Changes in the borders of settlements Gornji Vrh and Razbore and of municipalities Šmartno pri Litiji and Trebnje caused the change in the borders between NUTS 3 regions (statistical regions) Osrednjeslovenska and Jugovzhodna Slovenija. Osrednjeslovenska NUTS 3 region (statistical region) is now 0.008 square kilometres smaller and NUTS 3 region (statistical region) Jugovzhodna Slovenija is larger by that much.
08	Osrednjeslovenska	01.01.1999	Changes in the borders of settlements Kostanjevica and Ravne nad Šentrupertom and of municipalities Trebnje and Litija caused the change in the borders between NUTS 3 regions (statistical regions), Osrednjeslovenska and the then Dolenjska. Osrednjeslovenska NUTS 3 region (statistical region) is now 6 square kilometres smaller and Dolenjska NUTS 3 region (statistical region) is larger by that much
