Traffic of goods at airports (1,000 t)	0.9	5.7	90.1	95.0

1) Urban scheduled public transport is not included.

2) Data are provisional.

3) The data on passengers and passenger-km in public scheduled transport and data on passengers in urban scheduled transport from September 2016 on have been partly estimated due to the introduction of a new integrated public transport system (IJPP) and the new system of subsidised tickets for public transport (the estimates were prepared by the Ministry of Infrastructure).
