New in the SiStat Database: Structure of earnings statistics, 2019

Structure of earnings statistics, detailed data, Slovenia, 2019

Detailed final data of the statistical survey Structure of earnings statistics for Slovenia in 2019 are published in the SiStat Database.

Data on structure of earnings statistics for Slovenia in 2019 are published in the [SiStat Database](#) at a more detailed level in theme [Earnings](#) and in the following sub-themes:

- Structure of earnings statistics, annual data
- Structure of earnings statistics, selected indicators
- Persons in paid employment by amount of gross and net earnings, annual data

Final data are slightly, though not very, different than provisional. The difference was caused by using the more complete source of data. Provisional data of the statistical survey Structure of earnings statistics for Slovenia in 2019 were published in the First Release of 24th September 2020.

Detailed data

Detailed data and time series are available on the [SI-STAT data portal](#), which enables simple browsing and exporting of data in various formats. Registered users have the possibility to store tables for later browsing and to sign up to be informed when data are updated.
